**REPORT ON REVIEW AND INTERIM FINANCIAL INFORMATION**

**The Shareholders**

**SICO Financial Brokerage L.L.C**

**Abu Dhabi - United Arab Emirates**

*Introduction*

We have reviewed the accompanying interim financial information of **SICO Financial Brokerage L.L.C** - Abu Dhabi as at 30 June 2018 which comprise the interim statement of financial position as at 30 June 2018, and the related interim statement of profit or loss and other comprehensive income, interim statement of changes in equity and interim statement of cash flows for the six months period then ended and explanatory notes. Management is responsible for the preparation and fair presentation of these interim financial statements in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion of these interim financial statements based on our review.

*Scope of review*

We conducted our review in accordance with International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the company." A review of financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

*Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information are not prepared, in all material respects, in accordance with IAS 34.

**Talal Abu Ghazaleh & Co. International**

3. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a. *Interim Financial Statements Preparation Framework*

The interim financial statements have been prepared in accordance with International Financial Reporting Standards.

b. *Basis of preparation*

The interim financial statements have been prepared on the historical cost basis. The significant accounting policies are set out below.

i) *Cash and cash equivalents*

Cash comprises cash on hand and unrestricted cash at banks - current accounts. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

ii) *Trade receivables*

Brokerage receivables are stated at net realizable value. When a brokerage receivable is uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognized in the interim statement of comprehensive income.

Loans and receivables includes brokerage and other receivables. Trade receivables that either have or do not have fixed or determinable payments and that are not quoted in active market, and other receivables are stated at net realizable value. The carrying value is not materially different from their fair value.

c. *Intangible assets*

Intangible assets acquired separately are reported at cost less accumulated amortization and accumulated impairment losses. Acquisition costs comprise the purchase price and other costs directly attributable to preparing the assets for their intended use. Intangible asset acquired through business combination is recognized at its cost, being its fair value at the acquisition date.

Amortization is charged, to statement of comprehensive income, on a straight - line basis over the following useful lives of intangible assets:

<u>Category</u>	<u>Useful life</u>
Computer software	3 years

**SICO FINANCIAL BROKERAGE L.L.C**  
**ABU DHABI - UNITED ARAB EMIRATES**

**NOTES TO INTERIM FINANCIAL STATEMENTS**  
**(AMOUNTS ARE EXPRESSED IN U.A.E. DIRHAMS)**

---

d. *Property and equipment*

The property and equipment are carried in the interim statement of financial position at their cost less any accumulated depreciation and any accumulated impairment.

The depreciation charge for each period is recognized in the interim statement of comprehensive income. Depreciation is calculated on a straight line basis, which reflects the pattern in which the asset's future economic benefits are expected to be consumed by the company over the estimated useful life of the assets as follows:

<u>Category</u>	<u>Useful life</u>
Office furniture and fixtures	3 years
Computer equipment	3 years
Motor vehicles	3 years

On the subsequent derecognition (sale or retirement) of the furniture and equipment, the resultant gain or loss, being the difference between the net disposal proceeds, if any, and the carrying amount, is included in the interim statement of comprehensive income.

e. *Impairment of tangible and intangible assets*

At each interim statement of financial position date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any, being the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of asset's fair value less costs to sell and the value in use. The asset's fair value is the amount for which that asset could be exchanged between knowledgeable, willing parties in arm's length transaction. The value in use is the present value of the future cash flows expected to be derived from the asset. An impairment loss is recognized immediately in the interim statement of comprehensive income, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but the increased carrying amount due to reversal should not be more than what the depreciated historical cost would have been if the impairment had not been recognized in prior periods. A reversal of an impairment loss is recognized immediately in the interim statement of comprehensive income unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

**SICO FINANCIAL BROKERAGE L.L.C**  
**ABU DHABI - UNITED ARAB EMIRATES**

**NOTES TO INTERIM FINANCIAL STATEMENTS**  
**(AMOUNTS ARE EXPRESSED IN U.A.E. DIRHAMS)**

---

f. *Financial liabilities*

Financial liabilities include trade and other payables. Trade payables, that have a fixed or determinable payments, that are not quoted in active market and other payables are stated at cost. The carrying value is not materially different from their fair value.

g. *Related parties*

Related parties are considered to be related because they have the ability to exercise control over the company or to exercise significant influence or joint control over the company's financial and operating decisions. Further, parties are considered related to the company when the company has the ability to exercise control, significant influence, or joint control over the financial and operating decisions of those parties. Transactions with related parties, normally, comprise of transfer of resources, services, or obligations between the parties. At the statement of financial position date, the related party -payable is stated at the net realizable value.

h. *Provisions*

Provisions are present obligations (legal or constructive) resulted from past events, the settlement of the obligations is probable and the amount of those obligations can be estimated reliably. The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the interim statement of financial position date, that is, the amount that the company would rationally pay to settle the obligation at the interim statement of financial position date or to transfer it to a third party.

Provisions reviewed and adjusted at each interim statement of financial position date. If outflows, to settle the provisions, are no longer probable, reverse of the provision is recorded as income. Provisions are only used for the purpose for which they were originally recognized.

i. *End of service benefits obligation*

End of service benefits obligation for employees is accounted for in accordance with U.A.E. Labour Law.

j. *Leave and leave passage*

A provision is made for the estimated liability for employees' entitlement to annual leave and annual leave passage as a result of services rendered by the employees up to the reporting date

**SICO FINANCIAL BROKERAGE L.L.C**  
**ABU DHABI - UNITED ARAB EMIRATES**

**NOTES TO INTERIM FINANCIAL STATEMENTS**  
**(AMOUNTS ARE EXPRESSED IN U.A.E. DIRHAMS)**

---

k. *Statutory reserve*

In accordance with the requirements of the UAE Federal Commercial Companies Law No. 2 of 2015 and the Company's Articles of Association, an amount equals to 10% of the company's annual net profit is transferred to a statutory reserve until such reserve equals 50% of the company's paid up share capital. This reserve is not available for distribution.

l. *Revenue recognition*

i) *Commission income*

Commission income represents the invoiced value of brokerage services provided by the company during the year, and are recognized in profit or loss at the related services are performed.

ii) *Interest income*

Interest income is recognized in profit or loss using the effective interest method.

The effective interest rate is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset the carrying amount of it. When calculating the effective interest rate, the company estimates future cash flows considering all contractual terms of the financial asset.

m. *Foreign currency*

The interim financial statements are presented in the currency of the primary economic environment in which the company operates (its functional currency). In preparing the interim financial statements, transactions in currencies other than the company's functional currency (foreign currencies) are recorded at the rates of exchange prevailing at the dates of the transactions. At each interim statement of financial position date, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the interim statement of financial position date (closing rate). Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in foreign currency are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous interim financial statements shall be recognized in the interim statement of comprehensive income in the period in which they arise.

**SICO FINANCIAL BROKERAGE L.L.C**  
**ABU DHABI - UNITED ARAB EMIRATES**

**NOTES TO INTERIM FINANCIAL STATEMENTS**  
**(AMOUNTS ARE EXPRESSED IN U.A.E. DIRHAMS)**

n. *Contingent liabilities*

Contingent liabilities are possible obligations depending on whether some uncertain future events occur, or they are present obligations but payments are not probable or the amounts cannot be measured reliably. Contingent liabilities are not recognized in the interim financial statements.

o. *Critical accounting judgments and key sources of estimation uncertainty*

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

**11. CONTINGENT LIABILITIES**

i) This item consists of the following:	<b><u>30 June 2018</u></b>	<b><u>31 December 2017</u></b>
	<b>(Unaudited)</b>	<b>(Audited)</b>
Letters of guarantee	<b>50,000,000</b>	50,000,000

- ii) The company has letters of guarantee in the amount of AED 50 million (31 December 2016 : AED 50 million) in favour of Abu Dhabi Securities Exchange (ADX) and Dubai Financial Market (DFM) in accordance with the requirements issued by the Securities and Commodities Authority.

**12. LITIGATION**

During the year 2013, the company was served notice of legal action brought against it jointly with a third party by one of the company's old customers.

The plaintiff claimed damages of AED 10 million resulting from a fraudulent transaction carried out by the third party and allegedly one of the old employees of the company. The transaction took place prior to the acquisition of the entire shares of the company by the current shareholders when the company's name was CI Capital Gulf Financial Brokerage Company L.L.C.

The current shareholders included a clause in the sale and purchase agreement that exonerate the company from any legal action related to any incident prior to the purchase date of 15 September 2011 and places the liability on the old shareholders.

The civil case in relation to the above claim is under suspension by the court and at this stage of the action, we believe there is no need for provision to be created in these consolidated financial statements, unless the civil case is taken up by the court and a possible claim is envisaged.

**13. COMPARATIVE FIGURES**

Certain comparative figures have been reclassified to comply with the interim financial statements presentation for the current year.

**14. GENERAL**

The figures in the interim financial statements are rounded to the nearest Dirham of United Arab Emirates.
